

# CHRISTMAS KINTSUGI ORNAMENTS

## CREATIVE WORKSHOP

Kintsugi is the Japanese tradition of mending broken things with gold, making them valuable again. Kintsugi is a spiritual practice...but also fun! A satisfying, healing experience as the symbolism of making broken things beautiful is carried on into our lives.

**HOSTED BY:** Beverlee Klopfenstein

You will learn the process of Kintsugi using broken pieces of pottery, china, and glass to create an assortment of Christmas ornaments that will delight your heart! We will also explore a few other mixed-media ways to experience the process.

**You are also welcome to bring a small broken treasure for advice on how to restore it.**
